Gustavus High School Girls Soccer Camp

All campers will receive quality instruction, experience a positive learning environment and have fun during the week. Each session focuses on individual skill training, progressing from drills to small sided games. We encourage players from various backgrounds and abilities as we always strive to keep camp numbers smaller to allow for individual instruction and coaching from our qualified staff.

High school players will be challenged to take their skills to the next level through advanced player development and exposure to NCAA collegiate coaching. We focus on the individual player, in the context of team play, emphasizing possession, speed of play, technical development and improvement of tactical understanding.
